A 22-Year Old "Chevy"

Hiram and Mary Dohner

Clarence Newcomer, local Chevrolet dealer, says: "Drive a Chevrolet long enough and you'll get a new one for it for nothing," and he means just what he says.

Hiram and Mary Dohner, of Quentin, (formerly Bismark) near Mount Gretna, will vouch for that. They have the distinction of owning the oldest Chevrolet in point of continuous service. The Dohner car,

a Chevrolet Royal Mail roadster, purchased early in 1914 and licensed yearly ever since 22 successive years, has registered 250,000 miles. Its upkeep has cost \$250, including three paintings and a new top. The Dohners, both in their seventies, will be Chevrolet's guests at Detroit, where they will be presented with a new 1936 Chevrolet, the one-millionth Chevrolet built in 1935.

You
need all these
modern
features

to get complete motoring satisfaction

You need **NEW PERFECTED HYDRAULIC BRAKES** for your own safety and the safety of others, under today's driving conditions. These brakes are the *safest, smoothest, and most dependable* brakes ever built.

You need a **SOLID STEEL one-piece TURRET TOP** for complete overhead protection, for modern car styling, for the greatest degree of coolness in summer and warmth in winter.

You need **KNEE-ACTION WHEELS*** for maximum safety as well as maximum riding comfort, because Knee-Action gives the world's safest, smoothest ride.

Chevrolet is the only low-priced car that has them all

You need **GENUINE FISHER NO DRAFT VENTILATION** for correct air conditioning in all weather. It "scoops in" breezes on hot days—prevents drafts—eliminates clouding of the windshield—and gives each passenger individually controlled ventilation.

You need a **HIGH-COMPRESSION VALVE-IN-HEAD ENGINE** for the finest combination of performance and economy. This sturdy Chevrolet valve-in-head engine excels in all-round action, and gives *economy without equal* in a full-size car.

You need **SHOCKPROOF STEERING*** for real driving ease on those long trips you are planning this summer. It eliminates steering wheel vibration and makes driving more nearly effortless than you ever thought it could be.
