## A New Ford Steel Truck Body

The Ford Motor Company announces the production of a new all-steel body and steel weather-proof cab, mounted on the famous Ford one-ton worm-drive chassis, forming a complete haulage unit at the remarkably low price of \$490.

Steel flare boards and end gate with sockets permit the use of stakes and high side boards or the mounting of a canopy top,

making the body readily adaptable for general use. Screen sides and end doors may easily be installed.

This new body, built of heavy sheet steel strongly reinforced and riveted, is designed to stand up under the most severe usage. Loading space is four feet by seven feet two inches.

The weather-proof cab is fitted with removable, door-opening curtains.
