## A Peculiar Auto Accident

While a gentleman and lady were spinning thru Donegal on Monday they met with an accident. The rear axle of their auto became loose and separated from the machine. No one was injured. We were unable to learn who the parties were.

## An Auto Catches Fire

The occupants of an automobile were badly scared in this place on Sunday evening. A touring car from Lancaster stopped in front of Hotel McGinnis for the purpose of lighting the lights. When the chauffeur struck a match the gas from the carbide tank ignited and for a time it looked as though the flames would consume the machine. They were however extinguished after the body of the mahine was slightly damaged.
