*A new*  
**OLDSMOBILE  
DEALER**

**H. S. NEWCOMER & SON**

Main and Barbara Streets,

MOUNT JOY, PA.

Oldsmobile takes pleasure in announcing the appointment of a new dealer to serve Oldsmobile owners in this city. This organization is thoroughly equipped to provide courteous, economical, and expert service in full accordance with Oldsmobile standards.

You are cordially invited to inspect the splendid facilities now at your command, and to examine and drive the larger, finer, faster Oldsmobile Six and the brilliant new Oldsmobile Straight Eight. Both of these cars offer the latest features of fine motor car design . . . the new Ride Regulator . . . Free Wheeling with the Syncro-Mesh transmission . . . and a long list of other equally important advancements. A demonstration trip will gladly be arranged.

**WEDNESDAY, SEPTEMBER 21st, 1932**

**H. S. NEWCOMER & SON WILL  
HANDLE CHEVROLET CARS**

The Chevrolet Motor Company makes the announcement of the appointment of H. S. Newcomer & Son as the authorized Chevrolet dealers for Mount Joy and vicinity.

This is one of the most popular and fastest selling cars on the market today. The new agency here will soon have the various models on display in their show rooms and we predict a good share of sales in this locality for this "Great American Value."

# Early in December **CHEVROLET** will present **A NEW CAR**

of such importance that no person interested in the purchase of a low-priced automobile can afford to disregard it . . . .

**A** MERICA naturally expects big things of Chevrolet. For it is Chevrolet that first brought beauty and comfort to the low-price field . . . pioneered the six-cylinder engine . . . built the most economical cars, and the most dependable. And it is Chevrolet who has led the world in sales for 4 of the past 6 years.\* So each year at this time America looks to the leader to learn what's new in the way of low-priced transportation.

And again America's confidence is fully justified. The new Chevrolet, to appear next month, advances standards in every phase of motoring. Again Chevrolet has broken boldly with the past wherever change means improvement in style, comfort, smoothness, performance, safety, economy and dependability.

Chevrolet engineers have packed this latest of a long line of successful cars with thrill after thrill and ad-

vancement after advancement. Fisher body craftsmen have taken advantage of an even longer wheelbase to contribute coachwork which is unique in the lowprice field—including dynamic new styling, and an invention which you will immediately recognize as one of the most fundamental comfort improvements of all time. And the experience gained in the production of more than 8,000,000 cars, together with the marked advantages that naturally accrue to the leader in sales, has made it possible to build the new Chevrolet at a price which takes account of today's incomes.

So keep an open mind on the question of an automobile purchase until you see Chevrolet's Great American Value for 1933. And watch for it next month! It will prove to you, beyond a doubt, that this is the time to buy a car, and this is the car to buy.
