Open for Business

Several weeks ago we made mention that J. W. Eshleman would open an auto accessory shop on East Main street. He is now ready for business with a fine line of tires, tubes and accessories of all kinds. See his ad in another column.

TO AUTOMOBILE OWNERS

I take this method to advise you that I have opened a sale room at No. 70 East Main St., Mount Joy, Pa., (Between my residence and the office of Dr. W. M. Thome) where I will carry a stock of High Grade Automobile TIRES TUBES and ACCESSORIES and will be pleased to have you call to see same before you make your next purchase.

I have a large line of different makes of tires and tubes and will endeavor to please you and save you money.

My line of Accessories is fairly large but, should you need anything I do not have, I am prepared to procure it for you at short notice and will be pleased to serve you.

I also carry the well known "TEX-ACO" motor oils, grease and gasoline which are winning out by actual test every day and will save you labor, time and expense.

I solicit a share of your business and thanking you for same in advance, I am yours for service,

J. W. ESHLEMAN

WHY BETHOLINE

Because it has now been on the market over Three years and its use has proven that:

It gives more miles—and with less gallons.

It has no injurious effect whatsoever on a motor.

It positively reduces upkeep for the reason that it develops surplus power.

It reduces carbon, increases power on hills and eliminates "motor knocking."

It keeps a motor clean, healthy and sweet running.

Hundreds of Lancaster automobile and truck owners are using and recommending BETHOLINE, because they are convinced it gives a maximum of power and mileage at a minimum of cost.

CAR OWNERS, drive to our service station and fill your tank with BETHOLINE. Then note the difference in your first mile.

**"AN UNEQUALED COMBINATION
FOR MOTOR EFFICIENCY"**

BETHOLINE

"THE WONDER MOTOR FUEL"

insures the maximum amount of power and mileage obtainable in any motor fuel. The daily experience of many thousands of motorists, who keep a record of their fuel consumption, has proved these features. BETHOLINE never varies in its superior quality—another important characteristic.
