*No other product on the market equals or even approaches
the success of*

THE **GENERAL** 30x3 $\frac{1}{2}$ "JUMBO" CORD

Here are the figures:

Out of 10,524 GENERAL 30x3 $\frac{1}{2}$ Cords put on users' wheels this year there have been returned for adjustment just twelve tires---one-tenth of one per cent---and those were injured through the use of undersize tubes---not one actually defective tire in the twelve---not one defective tire in 10,524.

Also Gasoline Saving!

Recent tests by some of the largest Ford Agents in the country proved three and a fifth more miles per gallon on The GENERAL 30x3 $\frac{1}{2}$ Cords, than on fabric tires.

Come in and see this Great Tire!

A definite obligation!

THE spirit of the Prest-O-Lite guarantee, even more than the definite phrasing, is your greatest protection. It says, without Ifs, Ands and Buts, that you, the car-owner, *Must Be Pleased!*

This is the Company's pledge, and that of every Prest-O-Lite Service Station throughout the entire motorized world.

Further, human responsibility cannot go.

The Prest-O-Lite Battery uses less than one four-hundredth of its power-reserve for a single start—and the generator quickly replaces that.

You naturally think of this high-grade, high-powered battery as high-priced. Our prices will correct any such impression.

Battery for your Ford or other small car \$23.50

Leak-Proof Tubes

BUILT up layer upon layer of the finest rubber, welded together, with the valve patch vulcanized in—not just stuck on—Goodyear Heavy Tourist Tubes will not allow air to seep through.

We have them in all sizes. Each one comes in a waterproof bag. It will be in perfect condition when you want to use it.

Come to us when you need the best in tires and tubes.

What's Your Old Battery Worth?

It may be worth saving for months more of starting and lighting your car, and our skillful, economical service will save it for you. Again we may make it worth something to you in our allowance toward a new Prest-O-Lite Battery.

Bring your old battery around and let us put it in shape if it is possible.

Should you need a new one, the new Prest-O-Lite prices will get you going for the fall and winter with the best all around battery at the least cost.

Save Money

If balloon riding comfort is the thing you are chiefly after, you can save money by equipping with standard AJAX Ultra-Flexible Cords. They give you low pressure inflation at normal cost.

If you want giant balloons for special rims, or balloons for your present rims, there are none better than AJAX—and we can equip you promptly.

A New Choice

AJAX builds the Ultra-Flexible Cord — a standard-sized, standard-priced tire that operates, like balloons, on low air pressure. In addition, AJAX furnishes a full line of Balloon Tires.

We will be glad to advise you whether Ultra-Flexible Cords or Balloons will best serve your needs.
