Goodrich Paves Way For Safety Drive

In a recent discussion on the subject of "Prevention of Motor-ing Accidents," Mr. H. E. Garber, B. F. Goodrich Company tire dealer at Mt. Joy and Elizabethtown traced his company's pioneering efforts in the interests of motoring safety.

"Since our company manufactured the first pneumatic tires for the first automobile sold in this country," said Mr. Garber. Goodrich has always been a pioneer in motoring safety.

Realizing the uncertainty of driving on unmarked highways Goodrich, back in 1913, organized the original "Safety First" movement. Road signs, many of which are still in service, were erected all over America warning motorists of dangerous curves and intersections.

By 1931, faster cars and greater speeds were taking a terrific toll on our highways. It was then that Goodrich founded the Silvertown Safety League. A common sense code of safe driving was written and this pledge has since been signed by nearly two million motorists.

The recent introduction of the Goodrich Silvertown with the Life-Safer Golden Ply—the first tire specifically designed to combat the danger of high-speed blow-outs, was a real contribution to American motoring safety.

"The B. F. Goodrich Company is now making a drive for a million more Safety League members who will sign the safe driving pledge. A pledge form can be obtained from any Goodrich dealer and all motorists who sign the pledge will be given a free emblem with a special red reflector to protect against rear-end smashups," Mr. Garber stated.

OCTOBER 13, 1937

H. E. Garber Finds Tire Trade Grows

Seventeen years in the tire business have given H. E. Garber of Mount Joy first hand knowledge in all angles of the business. Ever since 1920 he has been the Goodrich representative in Mount Joy, handling their tires, together with batteries, gas and oil. Gradually he began to accept some

used tires as part payment.

These found a ready market which has grown steadily so that today used tires and "re-treads" occupy an extensive section of his stores. He operates a budget plan both at his Elizabethtown branch store and in his Main street store in Mount Joy.

FROM NOW ON — ROLL ON 2-WAY SAFETY

with the New Goodrich

Seal-o-matic

2-WAY LIFE-SAVER TUBE

This amazing 60% stronger tube seals itself — reduces blow-out danger to a new minimum — and protects you against sudden flats while your car rolls on.

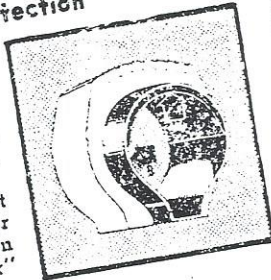

THE GREATEST SAFETY NEWS OF 1939

1. New Blow-Out Protection

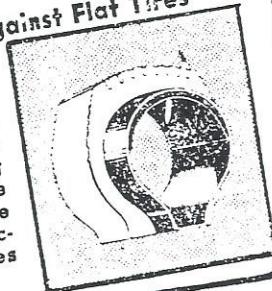

In the "danger zone" — (A) Seal-O-Matics "self-healing" lining instantly work in to fill rips or tears—changes dangerous blow-outs to safe, slow leaks.

In the sidewall — (B) It gives 60% greater strength and protection with its "tuff-rubber" walls.

2. New Protection Against Flat Tires

Punctures due to nails, glass, etc., are instantly filled by the "self-healing" lining — mended completely and permanently. See how this lining reaches beyond the shoulders — protects the entire area where practically all punctures occur.

Equip Your Car and Pay On Your Own Long, Easy Terms

Now you can equip your car with these 2-Way Life-Saver Tubes and pay for them as you ride—a small amount each week. Our Liberal Budget Plan fits every income. There is no red tape or delays. Just show us your license identification and we'll install new Seal-O-Matic Tubes in your present tires immediately.
