**MR. JOHN B. TRYON BUYS
ED REAM'S GARAGE HERE**

Mr. John B. Tryon, of this place, last week purchased the stock, good will and fixtures of Mr. Ed Ream's garage on Marietta street, in this place. The purchaser took immediate possession. He has had ample business experience and should "make good" as he is a fine fellow. Mr. Ream will devote his entire time to selling new and used cars, conducting his business at the southeast corner of Main and Barbara streets.

U.S. Royal Cords

UNITED STATES TIRES ARE GOOD TIRES

HERE'S the standard of value in cord tire equipment—made in all high-pressure sizes from 30 x 3½ inches up and in Balloon-Type for those who want low-pressure tires and don't want to change wheels and rims. Also U. S. Royal Cord Balloon Tires for 20, 21 and 22 inch rims.

All made of latex treated cords—a new and patented process of the United States Rubber Company—that adds great strength and wearing quality.

U. S. Tires are the only tires in the world made of cords solutioned in raw rubber latex

Having recently installed a modern Honing Machine, with which to rebore cylinders without removing the engine from the car, we are now in a position to do this work in a satisfactory manner and at a big saving to you. Any one anticipating having their cylinders rebored, we will be pleased to give you an estimate.

Garage is now open daily including Sunday. We are also prepared to wash cars.

My name is good with the judge!

My name is good with the judge if it is on the back of this Brake Inspection Certificate. It means that I inspected or relined your brakes and that the accident was the fault of the other fellow. I use only Johns-Manville Asbestos Brake Lining and there's none better made. A card is your's for the asking — call on me.

??

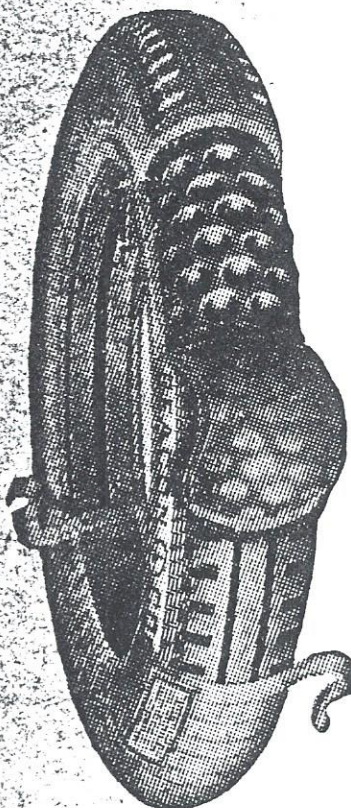

The Dimple Tube

is guaranteed against puncture leaks, it does hold the air regardless of how many times it may be punctured.

There is nothing "tricky" about the Dimple Tube, no filling compounds, no steel disks, no liquids, nothing but the finest quality pure gum rubber.

Dimple Tubes will add from 25 to 50% more service in any good tire casing by doing away with internal frictional heat.

Every Dimple Tube is sold on 30 days' approval and guaranteed two years. Puncture it as often as you wish.
